Products and solutions

“First time right”

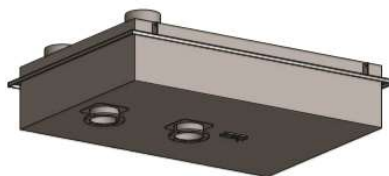

For Discom Nord it is important that our customers get the optimal solution the first time. This is what we call “First Time Right”

We are able to supply our customer with the following:

1. Standard silencers in mild steel and stainless steel
2. Special silencers, all kind of shapes, from mild steel to titanium
3. Single exhaust components to complete system, including design
4. Noise reduction only, with or without spark arrestor
5. Advanced emission technology, from oxicat and diesel particle filters to SCR installations

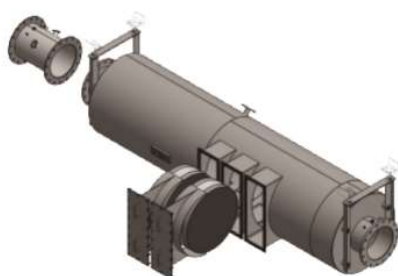

Standard silencers

Tailor made silencers

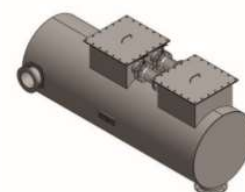

Combi systems with prefab piping:

SCR Systems

Water Injected Systems

Soot filter solutions:

Customers

No matter what segments you operate in, you can count On Discom. We specialize in exhaust systems, and we are continuously optimizing our components and solutions. In close cooperation with you, we will find the ultimate solution to your exhaust application, to the full satisfaction of both you and your customer.

Operating segments

- The Marine Market with its increasing restrictions on emissions.
- The Offshore Business with its strict attention to safety.
- The Energy Market with its focus on efficiency and emissions.
- And the Industrial Market in fierce global competition.

NOGVA

Markets

Splitting the market into these four segments is our way of making sure that the demands of each segment is best fulfilled. In our four market segments, we serve the following customers:

Marine:

Engine suppliers
Genset suppliers
Shipyards
Pumpset suppliers
Firefighting equipment

Offshore:

Engine suppliers
Genset suppliers
Pumpset suppliers
Emergency powers
Firefighting equipment

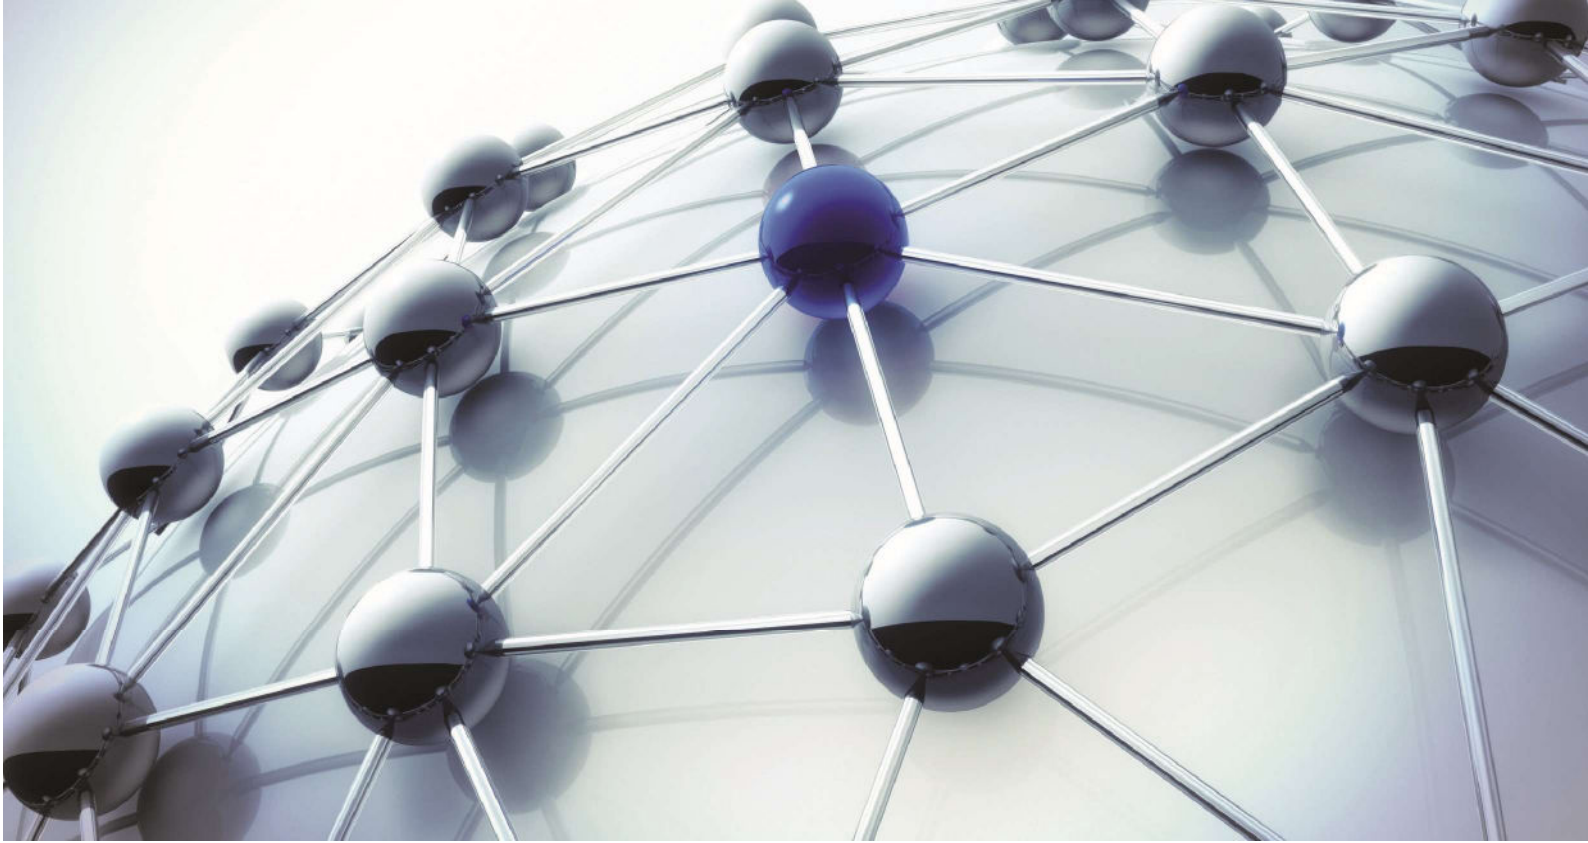

Energy:

Engine suppliers
CHP contractors
Genset builders
Standby power

Industrial:

Pumpsets
Off-road machinery
Compressors

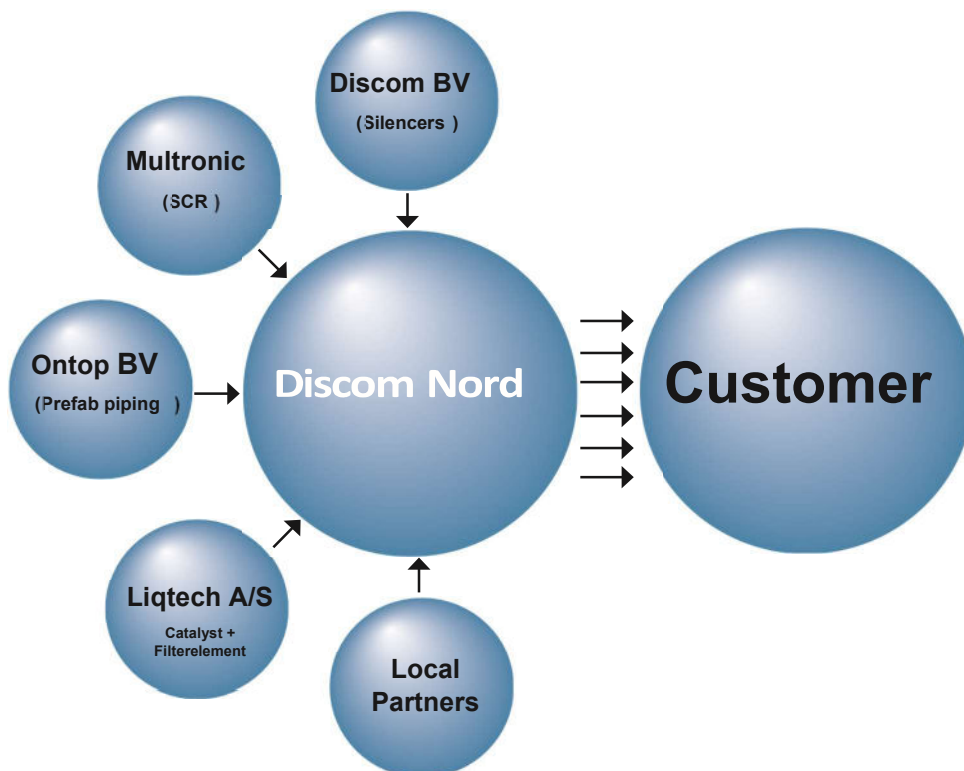

Strategic partners

As a small company, we need good partners to be able to serve our customers.
Together with these partners, we can offer our customers the best possible solution for any application.
And by combining the strengths of our partners and the strengths of Discom Nord, adding the strengths of our customers, everybody will benefit.

Proudly presenting the strategic partners of Discom Nord:
